Code	Designation	Lcm	Wcm	Hcm	Kg
3001.00		52,1	14,5	13	2,5

The unique, innovative design of this dough sheeter means you can work faster and more efficiently: it offers a large working surface for the dough and can be rolled in both directions, so you don't have to take up the dough and deform it with each pass. **ROBUST AND DURABLE** Stainless steel and glass-fiber reinforced polyamide design Can be dismantled and fully repaired **EASY ADJUSTMENT** Knob with safety adjustment for 20 thicknesses from 0.8 to 15 mm Integrated cm and inch graduations

EFFICIENT AND PRODUCTIVE Reciprocating flat lamination: no need to take up all the dough, unlike inclined laminators, which avoids deforming the dough during handling. Time-saving and regular work Wide roller for dough widths of 34 cm **PRACTICAL AND STABLE** Double attachment to work surface using suction cups + vice. **COMPACT AND LIGHTWEIGHT** Optimized footprint and weight. Compact storage Dry cleaning with a flour brush or cleaning with water and detergent.

Le Tube, a pressure pastry syringe with the same applications as pastry bags: filling, garnishing, decorating and providing the advantage of dosing. Ideal with thick preparations such as creams, thick mousses, choux pastry. Simple to use: dispenses a certain amount of the preparation by exerting pressure on the neck. Has a knob with graduations (cl and oz.) to accurately regulate the amount dispensed. Graduated transparent container (cl and oz.) of 0.75L: easy to fill. Flexible syringe system: adapts to the amount of preparation in the container, stops the flow between two pressures. Lids with "¼ turn" locking: quick and easy assembly. **Supplied with special shortbread biscuits kit**, composed of 2 plain lids, a special lid (disc holder) and 13 removable decor discs for making various and original shortbreads, and choux pastry. **Supplied with 2 nozzles**: 1 smooth and 1 fluted. Compatible nozzles: de Buyer nozzles made of transparent TRITAN; interchangeable.

PROOFING BASKET

FELIX

New

FELIX CONCEIVED WITH TOMMASO FOGLIA

Silicone basket for dough and bread proofing

- Totally hygienic
- Dishwasher safe
- Micro-holes for moisture evaporation
- Stackable
- Non-stick
- Provides the ideal conditions needed for bread dough to properly rise before baking
- Supports the fermentation process by supplying enough oxygen to the dough, making the bread soft and airy
- Suitable for both oven use up to +230°C and blast freezing at -60°C.

Felix is the mould designed by Tommaso Foglia and dedicated to his father, Felice. It is a tribute to his roots and to the one who passed on to him the passion, strength, and love for his craft.

SILFRY MOULDS

SILICONE MOULDS FOR AIR FRYER

Made from 100% food-grade silicone and BPA/PFAS free, Silfry is the range designed for those looking for convenience, safety and sustainability in the kitchen. Each item is resistant to high temperatures (+230°C/446°F), flexible and non-stick, ideal for stress-free everyday use. Easy to clean and reusable, Silfry products reduce washing time and the use of parchment paper or disposable accessories. Space-saving, versatile and compatible with most air fryers, they make cooking even easier, faster and tastier.
